## CMS-10631 The PACE Organization Application Process in 42 CFR Part 460

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

### *Information Collection*

1. *Type of Information Collection Request:* Revision with change of a currently approved collection; *Title of Information Collection:* The PACE Organization Application Process in 42 CFR Part 460; *Use:* The Programs of All-Inclusive Care for the Elderly (PACE) consist of pre-paid, capitated plans that provide comprehensive health care services to frail, older adults in the community who are eligible for nursing home care according to State standards. PACE organizations (PO) must provide all Medicare and Medicaid covered services; financing of this model is accomplished through prospective capitation of both Medicare and Medicaid payments. Upon approval of a PACE application, CMS executes a 3-way program agreement with the applicant entity and the applicable State Administering Agency (SAA). CMS regulations at 42 CFR 460.98(b)(2) require a PO to provide PACE services in at least the PACE center, the home, and inpatient facilities. The PACE center is the focal point for the delivery of PACE services; the center is where the interdisciplinary team (IDT) is located, services are provided, and socialization occurs

with staff that is consistent and familiar to participants.

Collection of this information is mandated by statute under sections 1894(f) and 1934(f) of the Act and at 42 CFR part 460, subpart B, which addresses the PO application and waiver process. In general, PACE services are provided through a PO. An entity wishing to become a PO must submit an application to CMS that describes how the entity meets all the requirements in the PACE program. An entity's application must be accompanied by an assurance from the SAA of the State in which the PO is located.

CMS recently issued a final PACE rule (CMS-4168-F), effective August 2, 2019, which updates and modernizes the PACE program. This final rule codifies CMS' existing practice of relying on automated review systems for processing initial applications to become a PACE organization and expansion applications for existing PACE organizations. In addition, the final rule will modify the PACE regulations to eliminate the need for PACE organizations to request waivers for a number of the most commonly waived provisions. This latter change is expected to reduce burden and improve efficiency for POs, state administering agencies, and CMS.

In addition to codifying the current automated processes for the submission and review of both initial and service area expansion applications, this rule modifies existing regulatory provisions and requirements. As a result, certain attestations associated with the application are no longer applicable, and others need to be updated to reflect updated regulatory requirements. We are also making minor tweaks to certain document upload requirements for clarification purposes based on experience reviewing applications. *Form Number:* CMS-10631 (OMB control number: 0938-1326); *Frequency:* Yearly; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 72; *Total Annual Responses:* 109; *Total Annual Hours:* 7,226.
